Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Wednesday 15 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Some bright spells and scattered showers.

Today:
Rather cloudy with some brighter spells, even a few sunny intervals around, especially in east of area this morning. Scattered showers over the Western Isles and west Highlands extending eastwards with a few heavy showers possible this afternoon. Maximum temperature 18 deg C (64 deg F).

Tonight:
Last of the showers dying out early tonight, then dry with clear periods. A few mist patches forming later. Light winds. Minimum temperature 7 deg C (45 deg F).

Thursday:
Any mist quickly clearing then dry for much of the day with sunny spells. Thickening cloud, freshening winds and patchy rain reaching the West Coast during the evening. Maximum temperature 19 deg C (66 deg F).

Outlook for Friday to Sunday:
Cloudy with outbreaks of rain on Friday, heavier over west Highlands. Brighter weather with a few showers following on Saturday then another band of rain crossing from west during Sunday.
